## DAILY CURRENT AFFAIRS UPDATES – 03 October 2022

DAILY UPDATE 1 : IMPORTANT DAY

World Architecture Day : 03 October :-

The International Union of Architects (UIA) established World Architecture Day on the first Monday of October in 1985 to remind the world of its collective responsibility for the future of the human habitat. Architecture, as the foundation of human settlements' built fabric, bears the responsibility of influencing sustainability, the environment, health, social interaction, and culture. Architecture, with just a few key tenets of influence, is a critical tool in achieving a healthy world.
